

INNOVATION FOR A BETTER TODAY

GLOBE 2016: The Pre-eminent Environmental Business Event Since 1990

*Lower Energy
Use. Use Fewer
Natural Resources.
Reduce Risk.
Save Money.*

THESE ARE THE THINGS THAT MAKE businesses strong, nimble and resilient. GLOBE 2016 brings together the leaders that are developing innovative new technologies to tackle these challenges, with the people that need them.

No other Forum in the world offers such a powerful gathering of business, government, NGO's, global agencies, technology developers, academia, communicators and more – focused on the long-term prosperity inherent in reducing risk, building resilience, and bolstering revenue.

GLOBE is where future markets are shaped, and public policy is fostered. It is where innovators come and launch new ideas. Where Corporate America finds solutions. It is where you can begin lasting, high quality partnerships that will enhance your business long into the future.

GLOBE X: The Innovation Expo

250 exhibitors from around the world will be there. Tightly integrated with the Conference, the Expo will demonstrate solutions to some of business' most pressing challenges. A strong B2B networking program will be interaction-focused, enhancing your opportunities to meet the right people to help take your business to the next level.

Welcome, Innovators.

The GLOBE 2016 Conference

Innovation is the resounding theme for GLOBE 2016. This will permeate all programming, bringing unique new interactive session formats for Conference attendees that promise amped-up opportunities for networking, deal-making, new partnerships, and heightened B2B activity. GLOBE is about relationship building to fuel your business.
